本篇资料由省统计局贸易外经统计处整理提供。

Brief Introduction

Main Content and Source of Data

Data in this chapter show the development of Fujian's domestic market, wholesale and retail trade, hotels and catering services, mainly including the circulation of commodities in the wholesale and retail trade, the total retail sales of consumer goods and the financial indices of related businesses and tourism etc.

Data in this chapter on main indicators for wholesale and retail trades, hotel and catering

services above designated size are collected through comprehensive reporting system. Data on main indicators for wholesale and retail trades, hotel and catering services below designated size are collected by sample surveys. Data on tourism are provided by Fujian Culture and Tourism Administration.

Data in this chapter are collected and compiled by the Division of Trade and External Economic Relations Statistics of Fujian Provincial Bureau of Statistics.
